

# Invitation to the 2026 Subud Zone 3 Gathering – Salobreña, Spain

*“[...] Bapak’s intention behind appointing helpers was that human beings all over the world who received the latihan kejiwaan would all feel equal; would feel equally close to the power of Almighty God; and would feel themselves as tied together by a bond of brotherhood. This did indeed develop little by little: but not sufficiently. And because Bapak felt it was not enough, Bapak formed what we know today as the zones.*

*[...] The purpose behind Bapak forming Subud into zones was to create this "traffic" which would bring us closer together in Subud. Bapak knew that without zones, there would not be Australians coming to Jakarta and Indonesians going to Australia and Japanese members going to Australia and Australians going to Japan and so forth. It was in order to make it possible to have this contact and this traffic that Bapak first instituted the concept of the zones.*

*[...] It is important, in these days while you are together here, that the kejiwaan councilors and the people that have come from the zone truly communicate with each other: exchange information, exchange experiences, learn from each other openly so that you are able to do your work better.*

Excerpt from talk 84 CDK 5, June 24, 1984, Cilandak

**Dear brothers and sisters,**

With great pleasure, we warmly invite you to the 2026 Zone 3 Gathering, which will take place in Salobreña, south of Spain. We very much look forward to welcoming you and spending this time together.

**Dates of the gathering:**

- **May 4 to May 10, 2026** for KCs
- **May 7 to May 10, 2026** for delegates and observers

(If possible, please plan to arrive on May 6 so that we can all begin together on May 7.)

**Purpose and focus of the Zone 3 Gathering**

As mentioned in the talk referenced above, Bapak’s original intention in establishing the zones was to encourage connection between our different countries—allowing us to meet, share experiences, and support one another so that we may carry out our work more effectively. In this spirit, the focus of this gathering will be on mutual support in our respective roles and responsibilities.

The agenda is currently being finalised and will include practical discussions on topics such as shared challenges within the zone and ways of addressing them together, the upcoming World Congress in Fátima, Subud enterprises and other relevant matters. As at our last Zone 3 Gathering in 2025, kejiwaan work and the latihan will remain at the heart of our time together.

## Practical information

The gathering will be held at the [Hotel Salobreña Suites](#), offering beautiful views of the sea and the castle of Salobreña. This venue has hosted several Subud Spain gatherings in the past and is well-regarded.

The most convenient airport is **Málaga (AGP)**, approximately 80.9 km from Salobreña. Further details regarding transportation and shuttle options to the hotel will follow.

Please find below the price-list

Room Type	Half Board	Full Board
Double / (2 pax)	74,00 €	90,00 €
Single / (1 pax)	57,00 €	65,00 €
Registration fees	40,00 €	

**Payment will be collected during the gathering. Please plan to bring the exact amount in cash.**

Please register for the gathering using the following [link](#) **no later than 28th February 2026**. Do not forget to check your spam if you don't receive an automatic registration confirmation.

We truly look forward to meeting, sharing, and working together, guided by the latihan and under the grace of Almighty God.

With warm wishes,

**The Subud Zone 3 Committee**
